

MX152 MixMate

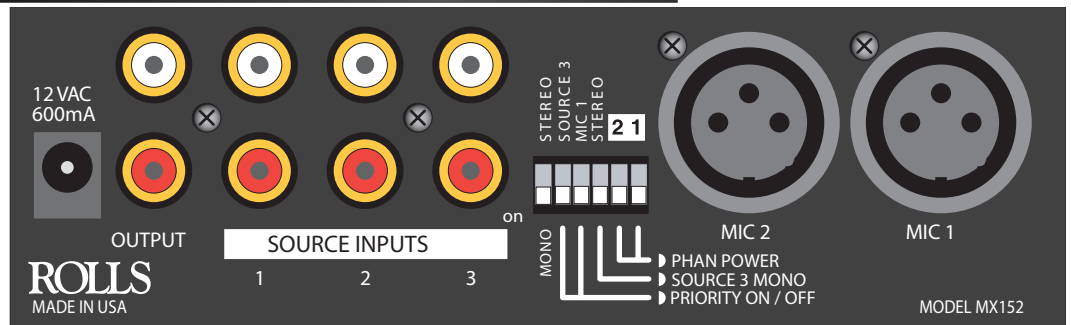

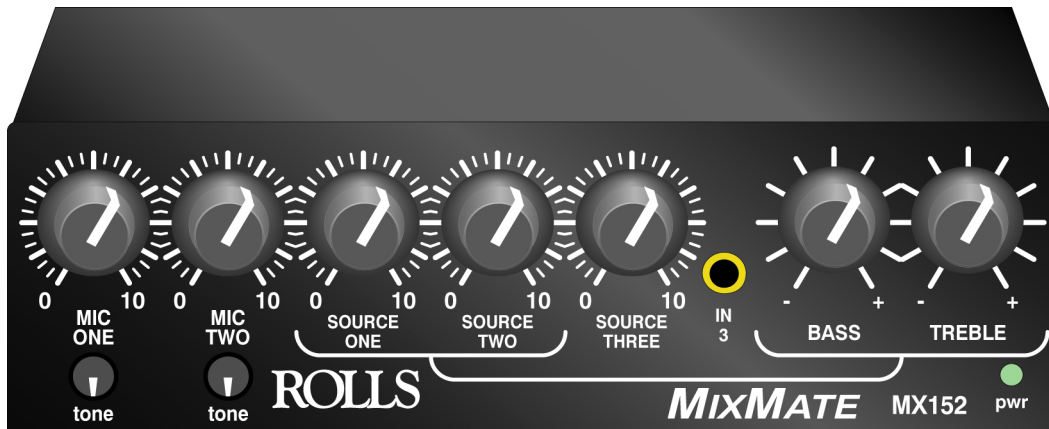

The MX152 is a compact two microphone and three stereo source mixer designed mainly for installation purposes. It's ideal for small restaurants, clubs, churches, schools, or any application where two paging or announcing microphones need to be mixed with stereo sources such as AM/FM tuners, CD players, juke boxes, and video players. Priority talkover is provided on Microphone One for paging, and on Source Three for a jukebox, telephone, etc.

FEATURES:

- Two Microphone inputs with phantom power
- Tone controls for each Mic input
- Three stereo Source inputs
- Bass and Treble controls on Sources One and Two
- Priority ducking on Mic One and Source Three
- Switchable Mono/Stereo Unbalanced Output
