HA540 Pure Class A Headphone Amplifier

The Bellari HA540 is a single channel Pure Class A Headphone Amplifier. The HA540 is an amazing high end headphone amp that would work great for someone listening to their high end record collection with thousand dollar audiophile headphones, or someone just listening to an Ipod or Zune that likes a lot of headphone volume. The HA540 truly is a high end piece that, like all Bellari products, is affordable to just about everyone.
